## Magical Reflection 魔鏡哲學

Marco Brunori 為 Adele-C 設計了 RIFLESSIONI 系列，例如形狀奇特的 KIKI 橢圓鏡和 Marcel 長鏡。KIKI 橢圓鏡中央垂直突出半塊圓鏡，所以當你站在前方並不能看到完整的自己。這個不甘平凡的設計象徵女性主義、自由、叛逆與獨立。如屏風般攤開的 Marcel 長鏡上精密計算的角度設計帶出啟發性的視覺效果，留待您自行領會。鏡子各自捕捉不同角度和動態的身影，妙趣效果令人想起藝術家 Duchamp 的 *Nude descending a staircase*，影像零散而統一。Marco Brunori designed RIFLESSIONI for Adele-C. Taking a wall mirror KIKI as an example, it embraces femininity, irreverence and independence. Featuring an oval-shaped mirror with a semi-oval mirror of the same diameter intersecting its face. The end result is a playful, puzzling, and unexplainable reflection. "Kiki conveys the enigma of the mirror, leaving it unanswered. It is a reflection, vulnerable, welcoming, capricious, simple but sophisticated creation. Marcel is a wall mirror with mind-blowing effect when you pass by. The mirror catches and holds the figure through a succession of frames. The reflection angle is cleverly calculated so that, as you pass by, it reflects you going back when, instead, you are going forward. It captures the diametrical nature deeply embedded in every choice we make, presenting unity in fragmentation. Marcel can be hung vertically or horizontally, with full freedom to mix-and-match components.
